SECURITY ADVISORY for Canva Users - Review Your Email Security
Aug. 13, 2019

Dear UP Mail Account Users:

For those using the Canva app at https://www.canva.com, please be advised that users of the site/app may have been exposed to a recent security breach. Details are found here: https://support.canva.com/contact/customer-support/may-24-security-incident-faqs/#section1

We advise you to visit https://haveibeenpwned.com and see if any of your email accounts have been compromised (including your UP email account).

If any of your email accounts have been affected, we strongly advise that you immediately change your passwords for the affected accounts. Remember to also update your Two-Step Verification details if necessary.

Should you need further information with regards security, kindly contact the ITDC Helpdesk at (02) 376-3100 and (02) 376-3101 or send an email to helpdesk@up.edu.ph.

For your information and guidance.
